Eagle safe Fire Resistant Safe LK-NPS070(BK)

size	External dimensions (mm)			Internal dimensions (mm)			weight
	high	wide	deep	high	wide	deep	
	825	515	515	620	335	335	137KG

Features:

Excellent design of the vault folder Wan

Soft and rich burgundy and cold black, glossy color highlights safe and smooth lines, LuCell adds highlights to your interior design.

Easy and safe touch buttons

LuCell's convenient touch of a digital button enhances its sensory design and security features, and it activates the digital display only when you use it.

Excellent fire resistance

LuCell protects your valuables. When the outside temperature rises to 1050°C, the temperature in the vault remains below 150°C for one hour. KS (Korean Standard) and JIS (Japanese Industrial Standard) have been certified. Excellent fire protection.

Enhanced security

LuCell is the only vault that has passed the Japanese JIS1037 and South Korean TS-15 anti-theft tests. Its independent locking module hides the double tight lock of the hinge and the extension glass, providing better security and preventing attacks by intruders. Built-in 120dB alarm with independent power supply. When the LuCell is moved or attacked, the high-sensitivity vibration sensor protects the vault and its contents more safely.
